

Release Notes - CompTox Chemicals Dashboard - Version 3.0.9 August 2019 Release

Fixes

- [ICD-3904] - If a list is set as internal it should not be visible externally
- [ICD-3976] - External Links associated with Link Identifiers are all broken
- [ICD-4008] - Adjust handling of Gene Name/Gene Symbol from the ToxCast Summary Table
- [ICD-4011] - Change label for Mass in Multiple Results Page
- [ICD-4030] - Copy URL suggests functionality that doesn't exist
- [ICD-4085] - Legend for ToxCast Summary plot overlaps data point
- [ICD-4087] - DATA ISSUE with CEETOX_dn and _up bioactivity - Duplicate data
- [ICD-4091] - Search for InChIKey skeleton in batch search fails
- [ICD-4098] - Deal with CASRNs which have invisible characters
- [ICD-4104] - The term Bioaccumulation Factor should be changed to Bioconcentration factor on the TEST Predictions Page
- [ICD-4110] - The Term Bioaccumulation Factor should be renamed to Bioconcentration Factor in the results
- [ICD-4112] - Change the term Bioaccumulation Factor to Bioconcentration Factor in TEST HTML reports
- [ICD-4113] - List of Chemicals and List of Assays gets lost behind the Batch Search Tracker
- [ICD-4114] - Cytotoxicity limit displayed on bioactivity chart is off-scale and displays on downloaded chart
- [ICD-4115] - ER and AR Model data not visible for some chemicals when in database
- [ICD-4120] - Change all incidences of Chemistry Dashboard to Chemicals Dashboard
- [ICD-4121] - FONT is always uppercase on Executive Summary Help Hovers
- [ICD-4123] - Link to Movie on YouTube doesn't work for Advanced Search page
- [ICD-4129] - No Hazard data in Hazard table but viewable on Executive Summary
- [ICD-4139] - EDSP21 and ToxCast/Tox21 AC50 on graph does not match table below
- [ICD-4141] - Single Result Page fails with query error
- [ICD-4142] - DB table missing Error on Assay List view

New Functionality

- [ICD-3960] - Add units for MaxMed in the ToxCast Summary Table
- [ICD-3968] - Pesticide codes (PC-codes) in the synonyms and identifiers download are missing
- [ICD-4020] - Make all DTXSIDs in the output file hyperlinked
- [ICD-4032] - Add support for Single Concentration data to List of Assays page
- [ICD-4045] - Open Quality Control Notes by default and change order
- [ICD-4063] - Add on hover display over Gene Symbol displaying "Summary Name" for individual GeneID mapping

- [ICD-4082] - Add to Batch Search availability of Wikipedia article
- [ICD-4102] - Set default export mode for Batch Search to Excel
- [ICD-4117] - Modify the SeqAPASS and Bioassay Descriptions code to point to new CDN location
- [ICD-4126] - Add info to Hover for ToxCast Summary Table
- [ICD-4127] - Add a help notification to the ToxCast/Tox21 data page
